Auto Crash Kills Pedestrian

San Mateo County's 12th 1943 automobile traffic fatality occurred at 5:55 a.m. Monday when an aged unidentified pedestrian, injured on Bayshore Hwy. last night, died at Palo Alto Hospital.

The victim was struck one-half mile north of Willow Rd., East Palo Alto, at 9:05 p.m. by a car driven by Anthony E. Azevedo, 38, Colma dairy worker. A witness told the California Highway Patrol that the victim was walking in the middle of the highway and that the witness's car narrowly avoided striking him. Azevedo was not held. The Santa Clara County coroner is endeavoring to identify the victim. He was about 80 years old.

In the same area at 12:05 a.m. Sunday another pedestrian, Floyd C. Agnew, 53, Mayfield, suffered minor injuries when he was struck by a car driven by Agnes Gunderson, 58, San Francisco cafe owner. The accident occurred at Manhattan St. and Bayshore Hwy. in East Palo Alto.

Three San Mateo brothers were hurt, one seriously, when their two cars collided on El Camino Real at Fair Oaks Ln., Atherton, at 10:10 p.m. Sunday.

Atherton Police Chief Edward Farrell said a car driven by Ray Aguillar, 19, RFD Box 124 C, San Mateo, attempted to pass a vehicle driven by his brother, Joseph Aguillar, 29, same address. The cars collided and Ray's vehicle struck a telephone pole.

The impact threw Frank Aguillar, 15, to the pavement. He is in Palo Alto Hospital suffering from a possible skull fracture. Jack Aguillar, 11, and Ray suffered minor injuries.

Onias B. Bishop, 34, San Bruno, was booked at the county jail at 1:20 a.m. Monday after the California Highway Patrol stopped him at Burlingame and charged him with speeding 70 miles per hour southward on El Camino Real from Lomita Park. Bishop, a shipyard employe, refused to sign the speeding citation.

ELECTION: Nominators Fail to Function in Time

The annual meeting of the Redwood City Chapter, American Red Cross, was postponed indefinitely and unexpectedly Tuesday afternoon. The explanation given was that a full nominating committee of three members was not functioning, one member having resigned. The annual meeting was set for today at 8 p.m. at which time any person with a Red Cross membership card could have participated in the election of five members of the board of directors.

The five members of the board whose terms expire are Clarence Argo, Mrs. Morris Cooper, Thomas Cutting, Mrs. Archer Kincaid and Mrs. D. W. Williams. Elected in 1940, they have served for the last three years.

Others on the board are William Coburn, Joseph Farr, Judge Edward I. McAuliffe, Mark E. Ryan, Mrs. Z. T. Thorning, Mrs. T. H. Thorpe, Mrs. J. N. Winter, Harold E. Anderson, Mrs. Selah Chamberlain, C. M. Doxsee, J. D. Hedge, Floyd McCue, J. V. Neuman, Mrs. Harry Potts, Mrs. Richard Schmitt, Andrew Spinas, Daniel R. Stafford and John Volpiano.

Mrs. Thorning, general chairman for Redwood City, has been a member of the board for the last 17 years. Other executive officers are Mrs. Schmitt, vice chairman, Mrs. Winter, secretary, and Mrs. Williams, treasurer.

Victory Gardens, Officers Suffer as 150 Cows Escape

BURLINGAME — Carefully nurtured victory gardens and residential hedges provided a feast Tuesday for 150 cows which escaped from a dairy in Millbrae and made the most of conditions in North Burlingame.

Police Officers Jack Price and Robert O'Donnell hopped into a squad car when the alarm came at 5 a.m. They soon saw that an automobile wasn't what they needed.

The policemen borrowed two horses from the Millbrae Riding Academy, and within an hour they had the 150 cows rounded up and returned to pasture.

Officer Price wasn't sure that such a job well done was recompense for an indignity he suffered. He tried to jump his horse over a ditch. The horse stopped short on the brink. But Price, pitched out of the saddle, cleared the ditch with feet to spare. As a crowning indignity, he landed in a pile of fresh fertilizer.

Fox Announces Civil Service Tests

The following civil service examinations have recently been announced:

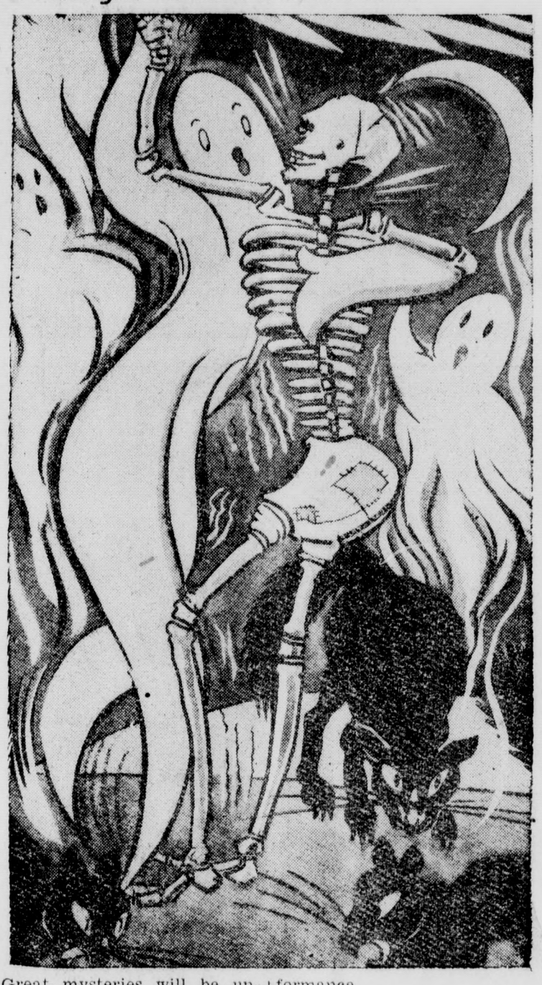
Nursing assistant (men or women), $1440 a year plus about 21 per cent for overtime.

For further information consult Chester B. Fox, local secretary, Board of U. S. Civil Service Examiners, U. S. Post Office at Redwood City.

BICYCLES RECOVERED

Redwood City Police Dept. recovered two stolen bicycles during the week end. The bicycles, reported stolen several weeks ago and found abandoned in Redwood City, were owned by Harmon Ralstin and Louis Vanin.

Midnight Ghost Show Here



Great mysteries will be unfolded and ghosts will walk tonight at the Sequoia Theater when Francisco brings his Spook Frolic for a special midnight performance.

This unusual stage performer seems to have an army of spirits at his command, for they write on slates for him, read sealed letters and whisper their contents to him, toss bells out of cabinets while he is securely tied, paint spirit pictures, and make themselves generally useful about the place.

Francisco has traveled throughout America with his show, presenting it in nearly all the larger cities with great success. It is said to be the only show of its kind, as he presents the outstanding feats of celebrated spirit mediums. He also promises to show mystery feats from all parts of the world, including the Hindu Turban trick as he saw it presented in India.

On this show, tonight at midnight only, the Sequoia will screen Universal's shudder film, "Man Made Monster," with Lon Chaney Jr. and Lionel Atwill. Come down and be scared!

Belmont To Buy Police Car

BELMONT — Belmont city councilmen meeting in regular session last night approved purchase of a new police car, and authorized purchase of $200 worth of tools for sanitary sewer work. The police department will be allowed $833 net, after turning in an old police department car, in acquiring a new machine.

The council found that no ordinance exists to collect business licenses or installation fees from plumbers. City Atty. Paul McCarthy was authorized to draft an ordinance similar to those in adjacent water districts.

Five property owners on Ruth Ave. asked permission to extend sewer pipes from their homes to the nearest sewage line. Approval of the extension was given.

Belmont will make May 10 to 15 general clean-up week for the city, councilmen decided

Girl Mother Pleads For Funds

Cornelia Van Ree, 19-year-old unwed mother, took the stand in superior court Monday to testify that she is in desperate financial difficulties, that her 10½ months old daughter is ill, and that she is neither able to work or to pay the doctor bills.

She is suing Gerald E. Turner of San Mateo, now a private in the air force, for $100,000 for seduction and for support for the child. She was in court this morning in an effort to have the trial of the case advanced.

Judge Maxwell McNutt told her attorney, A. E. Cross, that the defendant should be represented and volunteered to write Turner a letter.

Meanwhile Cross, Miss Van Ree, her mother, Mrs. Mable Olson, and her sister, Mrs. Rose Swart of San Francisco, went to the district attorney's office. Results of their conference with Dist. Atty. Gilbert D. Ferrell were not immediately learned.

Turner has filed an affidavit with the court asking that the trial of the case be postponed until he leaves the army and can hire an attorney.

Toastmasters Discuss Income Tax Plans

All members of Toastmasters Club participated in this week's series of one-minute talks on the subject "Ruml and Income Tax Plans" announced by Chairman Rudolph Kalemborn. Five-minute talks were given by Donald Bogie, Frederic Gibbs, Louis Dematteis and Earl Carter.

Dr. Virgil Anderson was critic.

Norman Meyer, secretary-treasurer of the club, will join the armed services before the next club meeting. Scovel Mayor, sergeant-at-arms, will succeed him.

Start now to PUT UP and STOCK UP
HOME CANNED FOODS!

Are rationed foods and coupons making your shelves look bare of canned foods? Why not start now to fill in those gaps with appetizing jars of home canned fruits and vegetables. it is the patriotic thing to do these days. Remember rationing means reserving commercially canned foods for the boys fighting this war for all of us.

When fruits and berries are in seasonal plenty start putting up a few pints and quarts a day. In the country housewives put up an average of over 200 jars of home canned foods a year. City folk have in the past only averaged about 40 jars. Now is the time for all to put up and stock up an ample supply of fruits, berries and vegetables.

Use the latest approved methods. Non-acid fruits and vegetables put up by old methods of cold or hot pack oven canning can be dangerous. The U. S. Department of Agriculture and your State University have food canning pamphlets. Get from the University of California, Agricultural Extension circular 276 on Home Canning. It will tell you the simple, safe, tried and true methods for Home Canning.

Finally, draw on your Victory Garden crops and eat your vegetables fresh cooked. This will provide wholesome, nutritional balance to your daily meals.

Again we say...
PLEASE DON'T TRAVEL
unless absolutely necessary

Use the money to
BUY WAR BONDS

Winning the war is the most important job confronting us today—far more important than taking a week-end or vacation trip.

Transportation is vital to this victory toward which we are now advancing. Because buses are already crowded with military traffic, war workers and others whose business is important to the nation's welfare, there is little room for vacation or pleasure travelers.

That's why we say "Please don't travel unless you absolutely have to." Refrain from unnecessary travel now and buy War Bonds with the money you would spend for your trip. It's the patriotic thing to do.

Japs Slaughter Chinese Who Aided Fliers

SAN FRANCISCO —Every man, woman and child in the coastal areas of China where American fliers found haven after bombing Tokyo a year ago have been butchered by revenge-mad Japanese troops.

This horror of blood-letting, reported to American authorities by Generalissimo Chiang Kai-Shek and announced by Secretary of the Treasury Morgenthau, was Lidice reproduced on a wholesale scale.

Morgenthau read Generalissimo Chiang's cablegram at a meeting of war loan workers in San Francisco last night. He recalled the Japanese announcement of their execution of some of the captured American fliers.

"Now," Morgenthau said, his voice vibrant with emotion, "with a deep sense of shock and anger, I must bring you further news. I have here a cablegram which reached me this morning. It comes from Generalissimo Chiang Kai-Shek. Let me read it to you:

"'After they had been caught unawares by the falling of American bombs on Tokyo, Japanese troops attacked the coastal areas of China where many of the American fliers had landed. These Japanese troops slaughtered every man, woman and child in those areas'—let me repeat—'these Japanese troops slaughtered every man, woman and child in those areas, reproducing on a wholesale scale the horrors which the world had seen at Lidice, but about which people have been uninformed in these instances. The dastardly execution of these American fliers, who were taken as prisoners of war, has made it clear to all Americans that we face an enemy who knows no codes of law or decency. The only language which such an enemy understands is that of the weapons of war, and in the bond campaign which you are pushing for the war effort our people wish you all success."

Shipping Official Sued for Divorce

Jean H. Majerus, 1325 Harrison Ave., has filed suit in superior court here for divorce from Gustav A. Majerus, assistant treasurer of American-Hawaiian Steamship Co. She charged cruelty.

They were married June 3, 1911 in Windsor, Canada, and separated last Apr. 21. They have no children.

She asked the court to restrain her husband from disposing of community property, to allow her a reasonable amount for support, and for the community property.

She gave his earnings as $650 monthly and listed as community property their Redwood City home, $10,000 in life insurance and $800 in war bonds.

Three R.C. Students On S.J. State Council

Nettie Suhlsen, Paul Mallon and Jack Reiserer of Redwood City have been appointed members of the freshman council at San Jose State College, it was announced today.

Miss Suhlsen, a speech major; Mallon, a physical education major, and Reiserer, an aeronautics major, have been active in class and student body affairs since their entrance to the college.

Court Convicts R.C. Auto Thief

Howard Gardener, 20, Redwood City, was convicted in superior court here Monday afternoon of a car theft charge. The youth, already on parole from a state school of industry, made a motion for probation. The case was continued one week by Judge Maxwell McNutt.

Gardener took the stand to testify that he was intoxicated Feb. 25 when he took a car belonging to Frank Delassio, Redwood City, at the Five Points Cafe. He attempted to elude police and was halted only after Policeman Earl Whittmore fired three shots into the air.

Later he jumped $500 cash bail, failing to appear Apr. 16 for trial. He was re-arrested on a bench warrant.

AIR LINES ADDITION

County Bldg. Insp. A. W. Russell has issued a permit for a $130,000 addition to the United Air Lines plant at Mills Field. Included in the work, already under way, are additions to the hangar and to the airlines buildings.

The most complex flax plant in the United States is maintained at the Oregon State penitentiary.

MENLO PARK NEWS

BY D. E. O'KEEFEE

There is a movement at Atherton to acquire a portion of the northern boundary of Menlo Park to straighten its devious line. An election will be called for that purpose shortly. The people of Menlo Park will fight any attempt to steal its territory.

Owing to the high water in San Francisquito Creek, larger schools of salmon are seen making for the headwaters of the stream to spawn. Local poachers have caught fish weighing 10 pounds the poachers should be caught, not the fish.

Active work on the government hospital in the Hopkins Estate, it is said, will begin in about 10 days. Large shipments of lumber are arriving frequently and they are being distributed on the grounds. The contractors are experiencing some difficulty in securing carpenters. Many of them are in the army. It is understood the buildings will not be large, but will be scattered over the tract. The Veterans Hospital, a mile away, also contemplates a big building campaign.

Supervisors Consider New Hog Law

Following bitter complaints from the City of South San Francisco that effluent from Colma hog ranches washes down Colma Creek through a city park and near residences, the board of supervisors Tuesday gave a consideration to a new ordinance to regulate the hog raising industry.

Subject of controversy for more than a decade, the hog ranches under the new ordinance would be placed under direct supervision of the county health department, Asst. Dist. Atty. Daniel E. Sullivan explained.

The new ordinance would repeal three existing and conflicting ordinances he said, and would increase the annual county permit fee from $100 to $250 per annum. It would forbid keeping more than 10 hogs within 500 feet of any traveled road, and would give the health department authority to prescribe sanitation facilities.

ORDINANCE PRESENTED

Sullivan presented the ordinance to the board Tuesday. It was referred to Dr. C. C. Gans, county health director, for review.

South San Francisco's latest protest came to the board in a letter from Mayor D. W. Ratto.

To achieve maximum production and availability of food and fiber production in the county, the board authorized formation of a seven-man County Farm Production Council to parallel responsibilities and actions of the state council authorized by recent legislation. Members of the board will be named from a panel to be presented by Agricultural Comsr. Max J. Leonard. Sullivan said the state law permits hiring a co-ordinator at a salary of $150 or more monthly.

PROTEST HEARING

The board fixed May 18 as the date to hear protests on its proposal to purchase the fourth of 10 parcels of the Howard Estate property at Peninsula Beach, San Mateo. The new parcel comprises 13.53 acres east of Bayshore Hwy. and south of the skating rink on the property. The three previous parcels already purchased include tidelands, beach, and the skating rink site.

In other matters the board:

Authorized installation of 100-watt lamps in Montara Lighting District because 75-watt lamps are no longer manufactured. The larger lamps will cost the district $11 more per month.

Approved a claim for $10,414 as the county's share of the $24,332 cost of clearing sand from Colma Creek. The balance was paid by South San Francisco.

CLEANING TIP

Nail polish remover does more harm than good in trying to remove nail polish from any fabric. The best thing to do is to leave the stain alone and send the garment to the dry cleaner. He may be able to remove it. Nail polish remover will only make a hole.

EXCHANGE: Van Sooy Speaks

Neal Van Sooy, personnel manager for National Motor Bearing Co. Tuesday told the Redwood City Exchange Club that the manpower shortage is crippling the war effort to the point where production is falling off all over the nation. He said his firm had been forced to abandon one shift because of manpower and materials shortages.

California is now short 135,000 workers. A quarter of a million men will be drafted this year, aggravating the labor shortage to about 385,000. Agriculture will require 150,000 workers this Summer, Van Sooy said.

He pointed out that California is expected to contribute more men to the armed services than is Canada; that it produces one-third of the nation's ships, and that third is more than the rest of the world is producing; that the state produces a third of the nation's planes, and that third is four times the Japanese plane production.

Yet production is falling off, Van Sooy warned, because of acute manpower shortages. Labor turnover in larger war plants is 14½ per cent monthly, and the army and navy drain off skilled men, making replacement and training programs more difficult.

Employment of women has increased, but faces growing problems of absenteeism, child care, and labor turnover for health and other reasons.

Importation of labor from other areas is hampered by a housing shortage.

Employment of persons in the over-age groups requires physical readjustments.

The 48-hour week is in effect in most essential industries, Van Sooy said.

With these labor sources fully utilized, the President and the War Manpower Commission early this month took steps to freeze jobs and wages. Superimposed on this, Van Sooy explained, was a proposed voluntary plan for work stabilization in the Bay Area.

He predicted that the voluntary plan would fail and suggested that extension of the War Manpower Commission and Presidential orders, with penalties for non-compliance, would help maintain production at present levels.

Sullivan Offer Finds No Takers

An offer from Asst. Dist. Atty. Daniel E. Sullivan to include in the new county administrative code a provision to require attendance of County Executive Frederick Peterson at all meetings of the board of supervisors today fell on deaf ears at the county board meeting here.

The board sought to question Peterson on his request to transfer $300 from unbudgeted reserve to the sick leave for county janitors. The board was unable to contact Peterson for an explanation, made the transfer but to another fund, "relief janitors."

Buy one more vegetable fresh every day and help make your canned food ration go further

Here is one wartime request everybody can cheer over. Because this means it's patriotic to buy vegetables fresh . . . with the crispness, sweet flavor and tenderness all in them. More. The vegetable which is fresh not only tastes better but is tops in vitamin values, too. That's why Safeway rushes produce straight in from the farm—cutting out needless delays and in-between costs, thus giving you the freshest produce at the lowest price. Because their system of pricing produce by the pound saves you money in wasted, wilted left-overs. Remember, at Safeway you pay only for what you can use today—while it's at its best!

Pointwise pointers on vegetables

Your vegetable score is not altogether a matter of getting the most out of your ration coupons. The way they are received at the table counts too. Of course, the best way to be assured of an ample supply of vegetables these rationed days is to serve fresh vegetables as often as possible.

Camouflage them in casserole dishes, in souffles, omelets, or serve them in oversize salads and as ample garnishes. Tomatoes, onions, summer type squash, peppers, turnips, cabbage leaves, and cucumbers can be stuffed with a meat, cheese, or egg mixture and prepared as the main course. These are just some of the ways you bait your family and get them to eat their share of the precious vitamins and minerals offered by vegetables.

MIXED VEGETABLE TAMALE—Combine 2 or more kinds of cooked, drained, diced vegetables in a well-greased casserole, season with salt and pepper and top with a layer of corn meal muffin batter. Bake in a hot oven (400° F.) for about 25 minutes or until done or topping is golden brown. Be sure to try spinach and sliced turnips, squash and tomatoes, green beans and carrots, and eggplant and celery.

CARROT STUFFED ONIONS — Fill uncooked onion cups loosely with shredded raw carrots, season, and steam with a small amount of water in a Dutch oven or tightly covered sauce pan. Serve with the main course as a vegetable and garnish.

VEGETABLE SHORTCAKES — For delicious variety, serve creamed vegetables between and on top of piping hot biscuits. The family will lap them up. Creamed vegetables on mashed potatoes, baked potatoes or steamed rice are readily eaten, too. Peas, sliced carrots or asparagus, green string or lima beans, or quartered Brussels sprouts are grand.

SCALLOPED VEGETABLES—Rutabagas, turnips, carrots, potatoes, celery or onions are always welcome additions to the menu when scalloped. Arrange 1 quart of sliced raw vegetables in layers in a well-greased baking dish. Season each layer with salt, pepper and finely chopped parsley. Cover whole with 2 cups thin white sauce and ½ cup buttered cracker-crumbs. Bake in a slow oven (300° F.) until brown. Serves 6.

SEQUOIA: Big Cast Participates

When the showboat draws up to the stage at Sequoia Union High School auditorium Saturday night, at 8 o'clock, it will introduce two and a half hours of entertainment known as the 1943 Varieties. Students who are staging the annual variety exhibition call this year's show a "turn of the century" production, with can-can dancers, singers, scenery and costumes all in a Gay Nineties atmosphere.

The show is written, designed, managed and acted by students, and the cast numbers more than 100. Tuneful airs such as "Waitin' for the Robert E. Lee," "Daisy," "School Days," "By the Sea" will be offered by the student orchestra under direction of Bob Lynn and Frank Winnburg, faculty director.

Wally Jonason, commissioner of cultural activities, is in charge of the Varieties; Dale de Witt is business manager for the production; scene-directors are Bela Baker, Howard Williams, Ruth Bregg and Jonason, who also designed the stage sets. Don Brown, faculty committee chairman, has done most of the coaching. Wallace Wells, faculty adviser, directed the student crew in building of the sets. Shirlee Hubbard is costume chairman, Phyllis Noerager has charge of properties; personnel manager is Fern Davis. Bob Lynn is in charge of all music; Norma Hans and John Wrentmore are publicity managers; Ann Potter is makeup manager; rehearsals are managed by Frances Shoote, while Lawrence Thompsett, instructor, has directed art students in creating the gay old-fashioned posters used in advertising the affair. George Prall, as adviser for cultural activities, has assisted in the production.

Thursday afternoon grammar school children will preview the show at 2:30 o'clock, and high school students will see the production at 2 o'clock Friday.

Walter Ray Looks Ahead

Walter Ray, maintenance superintendent at the county courthouse, celebrated his 80th birthday Sunday and after 16 years of uninterrupted service for the county looked ahead to active years to come.

Ray is one of the last of the stage drivers on the old Redwood City-Pescadero route.

He was born one mile west of La Honda and drove stage for a year for Walter Knight. He recalled that the two-horse teams made the trip between 9 a.m. and 8 p.m. in the Winter, and cut that time in Summer.

Ray drove stage for about a year in 1898.

He has lived in Redwood City since 1917 and joined the county's employ in 1927.

Officers Seek 12-Year-Old Highwayman

Atherton police today were searching for a 12-year-old highwayman, mounted on a red bicycle, accused of robbing a 12-year-old Atherton girl of $3.55 Saturday afternoon.

The girl is Marcelina Gray, daughter of Capt. and Mrs. E. Brown Gray, 126 Isabella Ave. She told Police Chief J. Edward Farrell that she rode to Menlo Park on her bicycle to do some shopping errands and was returning with the change from a $5 bill when she saw the youthful highwayman following her.

He tied a green handkerchief around his face, stopped her, and without a word took the $3.55 from her jacket pocket and rode off.

She described him as a chubby blonde with his hair slicked down.

Meanwhile Probation Officer Francis Robinson prepared formal complaints against three groups of juveniles recently apprehended.

Four youths, three from San Mateo Junior College and one from Burlingame High School, accused of smashing more than a thousand dollars' worth of plate glass windows in San Mateo and Burlingame, were heard by Judge A. R. Cotton in juvenile court this afternoon.

Four youths, three from San Mateo and one from Belmont, accused of a series of bicycle and automobile parts thefts, were released to their parents Saturday but will be returned for juvenile court prosecution within a week or two, Robinson promised.

Dep. Dist. Atty. Louis B. Dematteis said that his office has not decided what action to take against four adults accused of purchasing stolen goods from the boys. He disclosed, however, that the OPA has investigated the case and may take separate action under federal statutes. The boys admitted stealing gasoline ration books and selling them.

Petitions charging two San Bruno youths and a South San Francisco juvenile with violation of the welfare and institutions code were filed Saturday. The trio, accused of another series of automobile accessary thefts, have been released to their parents. Their court hearing has been set for next Monday.

SHADES SAVE HEAT

The average American home has 12 windows—12 places where heat escapes. Keeping your cloth window shades half drawn during the day while you are at home and fully drawn when you leave the house and at night can save a large amount of fuel—up to 10 per cent.
